Experience

McHutov   September 2024 – Present
Project Leader

- **iOS Development:** Handled iOS development, server integration, and performance optimization.

- **Architecture:** Implemented architectural patterns such as VIPER to structure the application.

- **UI/UX Improvements:** Enhanced user interface layout with adaptive designs and animations.

- **Project Launch:** Released game on the App Store and managed post-launch updates.

Mangystau TechStroyService LLP   January 2023 – September 2024
iOS Developer

- **App Development:** Developed and maintained iOS apps using Swift.

- **Architecture:** Designed app architecture (MVC, MVVM) and optimized performance.

- **API Integration:** Integrated apps with server APIs using Alamofire.

- **Team Collaboration:** Collaborated with developers and product managers.

- **Testing:** Wrote tests, debugged, and fixed bugs.

- **Device Adaptation:** Ensured compatibility with iPhone/iPad using Auto Layout.

Technical Skills

Programming Languages: Swift, Objective-C, Java
Frameworks and Technologies: Google Firebase (Authentication, Realtime Database), Alamofire, UIKit, XCTest
Concepts: OOP, Interface Localization, Test Automation, Unit Testing, UI Testing
API Integration: Experience with RESTful
Architecture: MVC, MVVM, VIPER
Tools: Git, JIRA, Swagger, Postman

Projects

E-learning Platform   GitHub

- **Localization:** Supported Kazakh, Russian, and English, enhancing accessibility and user experience.
- **Notifications:** Implemented dynamic updates with UserNotifications, improving user engagement.
- **Security:** Integrated FaceID for secure login, increasing user trust and security.
- **PDF Handling:** Used PDFKit to enable document display, streamlining content access.
- **Backend Integration:** Collaborated on API integration, ensuring seamless data exchange.
- **Testing:** Conducted comprehensive testing, resulting in a reliable and stable platform.
- **Impact:** Platform received positive feedback from 500+ users, thanks to multilingual support and enhanced security.

Education

National Research Nuclear University "MEPhI"   Sep 2024 - Jul 2026
Master's degree, Secure high-performance computing system and technologies

International Information Technology University (IITU)   Sep 2020 - Jul 2024
Bachelor's degree, Computer Science - Software Engineering

nFactorial School   Jan 2024 - Apr 2024
iOS Development Course
